**Note from the Director:**

*Thank you for coming to our production. We have had the absolute best time putting this together. It's a little Old Hollywood meets Broadway meets absolute comedy. The key here is to take nothing seriously! We certainly haven't!! I just want to take this opportunity to thank the cast and crew for working so hard - doubly hard since I am in the show as well as directing. They have had to take on a lot of responsibility, and I am very proud of their work. I also want to thank the administration, faculty, and staff of Jefferson College for their assistance with this production. And last, the families and friends of the cast and crew deserve big thanks for putting up with all that they did. Thank you! Enjoy the show!*
