Course Description:

Active Shooter Response Training is a dynamic, hands-on course designed to equip law enforcement officers with the knowledge and skills required to successfully end an active shooter event.

The training will prepare attendees to employ active shooter threat tactics through effective, interactive drills and scenario based training. This intensive training covers a variety of tactical subjects for responding officers including: Single officer response and multiple officer response.

These techniques are rehearsed during practical application training and then validated by putting the students through force-on-force scenarios. Our scenarios are developed from real world active shooter events.
