### Course Description:

This is the premier AR15 Mil-Spec class that we have been conducting for over 15 years and is the same class we teach for OEM AR manufactures and the NRA. ACADEMI's course covers the AR15 platforms and provides step by step instructions on the complete disassembly, reassembly of the upper and lower groups, how to diagnose and repair malfunctions, perform function inspections, check headspace and more. Upon completion of the course, graduates will be issued an industry standard three-year certification. All firearms and tools are provided for the class, and as always, each graduate will receive continued phone and email support from ACADEMI's group of firearms experts.
